Form ST3 instructions and exemption descriptions

Forms, fact sheets, and industry guides are available on our website at www.revenue.state.mn.us.

Purchasers

Complete this certificate and give it to the seller. Do not send it to the Department of Revenue.

You must include your Minnesota tax identification number if you have one.

Warning to purchaser: Purchasers are responsible for knowing if they qualify to claim exemption from tax and will be held liable for any use tax, interest and possible penalties due if the items purchased are not eligible for exemption.

Sellers

Keep this certificate as part of your records. Accepting a completed exemption certificate relieves you from collecting the tax. If this certificate is not completed, you must charge sales tax. You may be required to provide this exemption certificate (or the data elements required on the form) to the state to verify this exemption.

Exemption descriptions

Use Form ST3, Certificate of Exemption, to claim the following exemptions. Fact sheets are available for some of the items as noted. Contact our office for details about other exemptions not listed here.

F. Educational organizations. Schools and school districts operated exclusively for educational purposes must use Form ST3 on qualifying purchases. Nonprofit professional and trade schools, scouts, youth groups, and youth athletic and recreational programs, such as Little League, etc., operated exclusively for educational purposes must apply for exempt status authorization from the Department of Revenue and use Form ST3 on qualifying purchases.

G. Religious organizations. Churches and other religious organizations operated exclusively for religious purposes can use Form ST3 without exempt status authorization or may apply for exempt status authorization from the Department of Revenue.

H. Resale. Items or services must be purchased for resale in the normal course of business. I. Qualifying capital equipment. Machinery and equipment purchased or leased primarily for manufacturing, fabricating, mining, or refining tangible personal property to be sold ultimately at retail if the machinery and equipment are essential to the integrated production process.
